1. I come and I call and I confirm that I am in this place and that you are in My place, My place of refuge, My place of hearing, My place of becoming, My place of war, My place of peace, My New Covenant displayed.
2. I come and I call and I confirm that I am speaking and that I will speak so much more through My people. I will speak so much more through My people that will listen to Me, obey Me, obey Me and hear My voice, obey Me and hear My voice and obey My voice. For I will teach and I will convey and I will confirm as I call upon them in the wee hours, the night, the dark times, the times of depression-thought, the times of despair-thought, the times of abandonment-thought, loneliness felt. I come and I call and I call you to Me, I call you to put your hand in My side.
3. Do you hear Me? I am talking to you, you reading this, you hearing this. I am calling out to you to put your hand in My side, your hand on My thigh and execute judgment and let Me execute My judgment. Give Me your heart and let Me give you My heart. Give Me your words and let Me give you My words. Give Me your tenderness and sympathy and let Me give you mine. I love you.
4. I love you reader, hearer, wonder-er, ponder-er, wander-er, smelly, stinky, homeless, elite-thought in your palatial mansions. I love you and I come to you. I come to you like I have never come to you before. I come to you. I come to you now, time is so short. Life is short. Time is Me, I am time. See Me. See your life in Me, see your time in Me, see your words in Me, see your source as Me, your breath, your life, oxygen, sustenance, finances, relationships, forgiveness, healing. See Me, Me, Me, please see Me. Me, that's who I am, for what I am, as I am. (chuckle) And I am I Am, please see Me as I Am and let Me I Am you—receiving Me in the fullness of My cup, My bread, My New Covenant, My intertwining you so inextricably that you speak words that are My words, often not realizing until afterward that I spoke through you so clearly, you simply let Me.
5. You come to Me in purity, repentance, allowing Me to come to you in meekness and give you My meekness resulting in power, prowess, fortitude, tenacity, tensile strength of only Me. I love you. I give you Me.
6. This day I call forth the warriors. I call forth the men and women, tensile strength who have been refined in My fire. They know what fire is, they know what My fire is, they know what has burned them destructively and they know what has burned them constructively—the fire of My throne, the fire of My alter, the coals of My alter come to cleanse, purify, to heal, and let purifying and cleansing flow through.

7. This is the day of the warrior mighty—My consuming fire coming, cleansing, destroying, uprooting, tearing down, rebuilding, replacing My wineskins, My wineskins old and brittle who have not been resilient to My tender touches, have not responded to My call, had not responded to My touch, have not listened for My voice nor obeyed My commands, many, are few.

8. I love you but I come and I call and I tell you **now is the time of judgment**. Now is the time. Now is the time to walk tall and receive your judgment, receive your crown, receive your stripes (showing your rank), receive your commission, receive your titles, receive your new names in Me—those of you who know who you are, and those of you who don't know who you are, some may, many may. Time is now. Cry out to Me at My alter.

9. You know what stands between Me and you, between you and Me, and My blood covers all and My hand is outstretched. Purify Me and you so that I may speak forth in your purity that I bring, that I allow, that I enable, that I enhance, that I empower.

10. And those of you who want Me not, who have chosen Me not, and who choose Me not still, My time is now and your time is now and you will walk under My foot crushed.

11. Mighty is My name, mighty is My body, and My time is now. I love you. I loved you. I have called, I have called, I have come, and I have called, I have come and I have called, and I have called and I have come.

12. How often would I have gathered you under My wing. How often I would have nestled with you, companioned you, given you My peace, stroked your hair, touched your face, held your hand and looked into your eyes with My eyes looking fully into your eyes with My eyes wide open, and tell you I love you, I love you.

13. How often would I? Every day, every day, every day, every single day, I would that every single day you let Me—that you let Me stroke your hair, touch your face and look full into your eyes and let Me tell you I love you, I love you, I love you.

14. Hear My voice, read My words, accept My message today and recall how I have called unto you and how I have given you My words, many of you many times, acted on them some partial, some none, some many and then misunderstood and recoiled.

15. But now arise, arise, arise with healing in My wings, under the shadow of My wings, the palm of My hand, and let Me spin you on the axis of only Me, orbiting Me, in Me, Me in you, us one on our bed together, on our horse together, in your chariots, your cars, your planes, your walks of life, aspects every one, Me, together—one—you/Me, you/you-Me, Me/Me-ing you. You/you-ing Me, one; so that when viewed by others they see Me.

16. I come and I call and I tell you war is at hand, war is already, war already is. Great wars taking place, heavenlies and more. Arise to your position, know your time, glorify yourself in Me only. No middle ground, no neutrality, no standing still, no treading water hoping the storm will pass.

17. The waves are fierce, the swells mighty, drowning the unstable, the un-pured, those who have depended on others for My words.
18. Come now, come into Me, come unto Me, and come into Me and afraid not be, not of making a mistake, not of judgment, but fear only Me, forfeiting My love, knowing Me as I want to be known, hearing My voice the way I want to be heard by you, you, you reader, hearer, young man, young lady, toddlers of Me at My knee, young and old, in any state of affairs and all affairs of state, whatever state you are in, your status irrespective— come to Me. See Me, let Me magnify you, let Me whole make you. Let Me healing flow through you. River be. I love you.
19. Come to Me while it is yet day. The night cometh when no man will work. Nothing else shall move and all time will be over and the rapturous ones who enraptured with Me were, are with Me, forever, eternal. Not yet that time is, but close, ever so close.
20. Remind Me of your name, remind Me of your calling, remind Me of the words that I have spoken over you by others, remind Me of the words that I have given unto your heart, remind Me of your dreams, your visions.
21. **Come before Me and bring your list, bring your questions, bring the names** of those you want to remind Me of, if you want to enlist My help, in, with, and as a part of their lives. See what I shall do. The names of your family, the names of your friends, generations, backward remembering, forward interceding for, intercession Me, life laid out before Me. I love you. I love you and I give you Me. I love you and I give you Me. I love you and I give you Me.
22. I come and I call and I confirm that I am in these words and that I am arising you now, you who let Me, every one. Be not concerned with timing, circumstances, finances—**prepare, prepare, prepare** for My arising, My arisal, My arisen, My arising you—Me arising you in your circumstances even where you are at this moment.
23. Fear not, fear nothing, come into My presence with thanksgiving, with joy, with laughter; fake or faith; come into My presence with laughter, come into My presence with a smile and let Me smile at you. Your feelings regardless, hinder Me not from coming forth from you in joy and laughter and in power, empowering you to over, to circumstances overcome. I love you.
24. Fear only failure, failure to drink of the cup of opportunity before you, Me standing before you calling you to Me, opening Me to you and all that I have for you, planned and offered before the foundation of the world. I love you.
25. Walk in Me. Walk in Me and let Me walk in you, and let's walk together—overcomers all, one—unity in My spirit, unity in truth, unity in heart, one, powered by only Me. Thank you. I bless you this day.
26. Arise, joy and laughter, great provision, land, buildings and architects, all that I have, all that I have prophesied, all My prophecies, all My words, all of My Me is at your knee, because your knee is at My foot, the foot of My Cross, the foot of My body, and you are serving Me to many in My body. Thank you.

27. Good Day. God speed. Me Speed. Light speed and more. Arisen. Vowing to sin never again. Thank you. I love you. I bless you.
Good Day
